

Özlem Kaya

Özlem Kaya, becomes the voice of women who want to live freely, dress fearlessly and grace their inner masculinity. The collection named Külhanbeyi, based on the name of a community that has become a symbol only for men, is skillfully adapted to the FW21 women's fashion show.

In Özlem Kaya's Fall 2021 Külhanbeyi collection, elegant fabrics embraces clean-cut jackets and characteristic trousers. Color palette of the collection oscillates between black, white, brown, pink, musty green and beige tones.

Among the rich textures of the collection, satin and tulle fabric were in the spotlight. Wide shoulders and overlapping pieces adds retrospective to the historical period and made a reference to women with high self-confidence.
