

Designer Zeynep Erdoğan is exhibiting her Fall 2021 Collection at Fashion Week Istanbul, which has held digitally between 13-16 April 2021.

The collection, which is a magnificent meeting of the dazzling silhouettes of Hollywood actresses of the 50's and the oriental touch, awaits fashion lovers. Bulky bows; traditional ikat weavings with elegant embroidery; meets modern cuts.

Santungs, draped silks, hand-woven silk velvet ikats in striking colors are colored with cream, fuchsia, damson, lavender and navy blue.

In FW21 season, Zeynep Erdoğan interprets the elegance of the 50's in its dignity and sweetest form with details, and includes couture pieces as well as designs with a "Ready-to-Wear" approach in her 21-piece collection.
